THE PROBLEM ADVISORS FACE

Advisory services are often sourced through fragmented networks

Qualified advisors struggle with visibility beyond local or existing clients

Project information is inconsistent or incomplete at early stages

Engagement often happens too late in the project lifecycle

Cross-border collaboration is difficult to structure and manage

THE SOLUTION

PupinXchange is a **global, privacy-first SaaS marketplace** that connects advisors with **verified renewable energy projects** and **qualified stakeholders** at the right moment.

The platform enables advisors to:

- Gain visibility in a **trusted, professional environment**
- Engage earlier in the project lifecycle
- Collaborate **securely** with investors, developers, and suppliers
- Expand cross-border advisory opportunities

REVENUE MODEL

- Standard: 49$
- Premium: 99$

Designed to align incentives and preserve advisors' control.

CHANGING THE FUTURE OF RENEWABLE ENERGY

PupinXchange

HOW IT WORKS FOR ADVISORS

- **Create a professional advisor profile**
  Showcase expertise, certifications, and track record across technical, financial, legal, ESG, and regulatory domains.
- **Access verified projects and stakeholders**
  Review standardized project data to assess fit before engaging.
- **Engage when value is highest**
  Participate in projects at the right stage, improving outcomes and long-term relationships.
- **Collaborate securely**
  All interactions happen in a structured, professional environment that protects confidentiality.

WHY ADVISORS SHOULD CHOOSE PUPINXCHANGE

- Higher-quality project access
- Earlier involvement in project development
- Increased visibility with qualified stakeholders
- Secure, professional collaboration framework
- Efficient cross-border engagement

WHO IT'S FOR

- Technical, financial, legal, and ESG advisors
- Independent consultants and advisory firms
- Advisors seeking global exposure and early-stage involvement
- Experts working across renewable energy technologies
