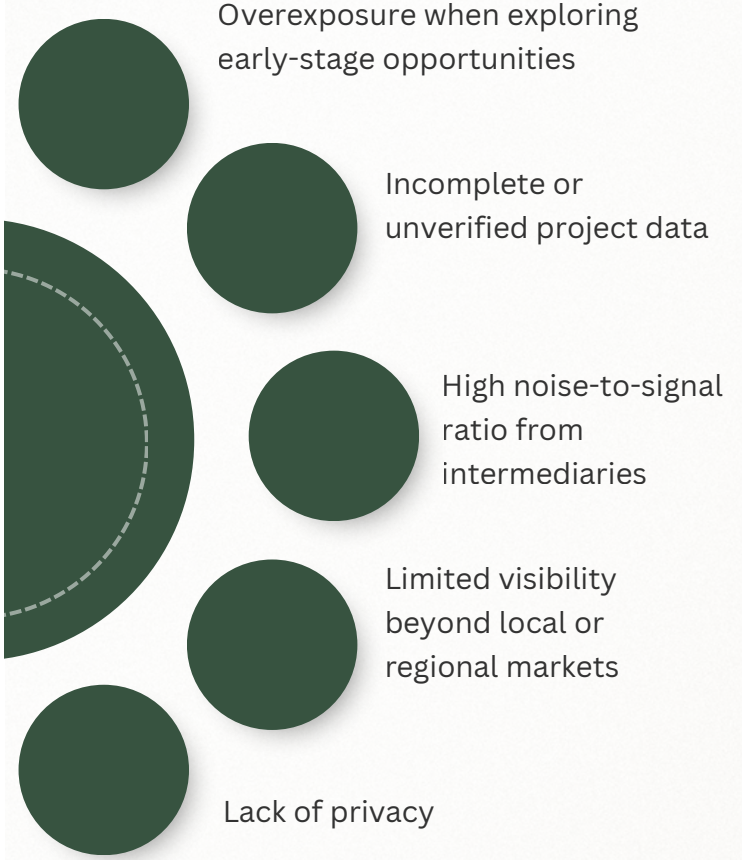
THE PROBLEM INVESTORS FACE



THE SOLUTION

PupinXchange is a **global, privacy-first SaaS marketplace** connecting the full renewable energy value chain. We bring **structure** and **intelligent matching** to a sector that urgently needs speed and clarity.

What investors get:

- **Complete privacy:** invisible presence until you decide to engage
- **Verified projects** with standardized data
- Direct access to developers, suppliers, and advisors
- Secure collaboration initiated only on contact
- Global deal flow beyond regional networks

REVENUE MODEL

- Standard: 149$
- Best buy: 199$
- Premium: 299$

Designed to align incentives and preserve investor control.

CHANGING THE FUTURE OF RENEWABLE ENERGY

PupinXchange

WHY PUPINXCHANGE?

- The platform reduces noise, protects decision-makers, and accelerates qualified deal sourcing.
- Renewable energy investment opportunities exist globally, but access is inefficient and risky.

WHY RIGHT NOW?

- Renewable energy market growing at **~15% CAGR**
- The annual investment gap reaching **$2.3 trillion by 2030**
- Investors who move early gain structured access to global opportunities

PupinXchange

HOW IT WORKS

- Investors access the platform anonymously
- Browse verified projects and stakeholder profiles
- Initiate contact only when ready
- Secure collaboration begins upon engagement
- Optional public tenders enable competitive processes
